The more time she spends on Earth, the stronger and more confident she becomes. But even with all her new skills and talents, and all the confidence she has acquired, it doesn't not completely prepare her for the adventure ahead of her, as she sets off Becca was a new Faerie. Compared to her new family, she was pretty much a baby. She had learned so much, but there were still things to learn, tests to pass, and trials to overcome. She thought she had this test aced. She had spent most of her life as a Human after all. Going back to what she was should be a piece of cake. She couldn't have been more wrong. It's only easy to pass a test, if you understand the question fully, and Becca's understanding was a hundred and eighty degrees wrong. Had she failed? Would she have to spend the rest of her life, back as a mundane human, away from the Fae she loved? Or would fate step in and change everything. Book 3 of The Faerie Star Fables Series, The Blood Of The Past.
