It is a single of the most popular ebook. Better than never, though I am quite late in starting to read this one. You will not feel monotony at any moment of your own time (that's what catalogs are for about when you request me).

Litvins varied roles, ranging from antitank gunner at Kursk to heavy machine gunner in a penal battalion to staff driver for the 352nd Rifle Division, offer unique perspectives on the Red Army in World War II as it fought from the Ukraine deep into the German heartland. Litvin documents such significant battles as Operation Kutuzov, Operation Bagration, and the German counterattack on the Narev, while also providing unique personal observations on fording the Dnepr River under enemy fire, the rape of German women by Russian troops, and literally seeing his life pass before his eyes as he watched a Stukas bomb fall directly on his position. Originally written in 1962, with events still fresh in his mind, Litvins memoir lay unpublished and unseen until translator...
