She then decides to take a walk to clear her head. She goes out of the room, crosses the bridge, and steps down the ladder. She aimlessly wanders throughout the ship s corridor. That faint strange voice has reappeared, and the small gem from her necklace begins to glow again. The voice continues to mumble the same thing over and over. The voice starts to get louder and louder as Divine stumbles through the halls of the ship. Finally the voice yells, Look up! This is a journey that will have you question friend and foe. You will be at the edge of your seat with intensity and utter anticipation. We begin this story with eight crew members, in a specially designed spaceship settling in Neptune space. Four of these crewmates understand why they are there and where they will end up. Aboard this spaceship is a mysterious woman, who is completely unaware of who and what she is. The crew members are going on a fantastic ride to the edge of our known galaxy. As the journey continues, the spaceship and its mates will meet up with a secretly made satellite: the Mighty Zeus. When they finally meet up with it, everything changes.
