

Mozart's Brain and the Fighter Pilot

By Richard Restak

Random House USA Inc, United States, 2003. Paperback. Book Condition: New. Reprint. 201 x 130 mm. Language: English . Brand New Book. In Mozart's Brain and the Fighter Pilot, eminent neuropsychiatrist and bestselling author Richard Restak, M.D., combines the latest research in neurology and psychology to show us how to get our brain up to speed for managing every aspect of our busy lives. Everything we think and everything we choose to do alters our brain and fundamentally changes who we are, a process that continues until the end of our lives. Few people think of the brain as being susceptible to change in its actual structure, but in fact we can preselect the kind of brain we will have by continually exposing ourselves to rich and varied life experiences. Unlike other organs that eventually wear out with repeated and sustained use, the brain actually improves the more we challenge it. Most of us incorporate some kind of physical exercise into our daily lives. We do this to improve our bodies and health and generally make us feel better. Why not do the same for the brain? The more we exercise it, the better it performs and the better...
