Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

Brand New Book ***** Print on Demand *****.Excerpt from Choice of Vocation: A Selected List of Books and Magazine Articles for the Guidance of Students This bibliography has been compiled by the Reference Department of the Carnegie Library of Pittsburgh at the request of the Department of Vocational Guidance of the Pittsburgh public schools. A tabulation of the first choice of occupations made by Pittsburgh high school pupils last year seemed to indicate, especially in the case of the girls, a need for a greater knowledge of the variety of careers open to them. Existing lists were either out of date, too brief, or not altogether adapted to the purpose. This bibliography is designed to furnish a list of books and magazine articles in which boys and girls may find reliable information presented in an interesting form. In compiling it all available lists have been consulted, especially the very full recent volume by Frederick J. Allen, A Guide to the Study of Occupations. Since most of the books referred to give information about several occupations, repetition has been avoided by arranging the material in two sections. One gives an alphabetical list of occupations, indicating under each the books and magazines in which information may be found. The other lists alphabetically all the books referred to, with a descriptive note about each. Each magazine article treats of a single occupation and is therefore entered in full, with the descriptive note, under the occupation. The teacher or counselor who desires suggestions for making the best use of the material gathered together here, is referred to the abundant literature of vocational guidance. One of the best bibliographies on that subject is one compiled by J. M. Brewer...
