Classic from the year 2008 in the subject Philosophy - Philosophy of the 19th Century, grade: -, -, - entries in the bibliography, language: English, abstract: First published in 1833. Excerpt: It is no light task to give an abridged view of the philosophical opinions of one, who attempted to place the vast subjects of morals and legislation upon a scientific basis: a mere outline is all that can be attempted. The first principles of Mr. Bentham's philosophy are these--that happiness, meaning by that term pleasure and exemption from pain, is the only thing desirable in itself; that all other things are desirable solely as means to that end; that the production, therefore, of the greatest possible happiness is the only fit purpose of all human thought and action, and consequently of all morality and government; and moreover, that pleasure and pain are the sole agencies by which the conduct of mankind is in fact governed, whatever circumstances the individual may be placed in, and whether he is aware of it or not. Mr. Bentham does not appear to have entered very deeply into the metaphysical grounds of these doctrines; he seems to have taken those grounds very much upon the showing of the metaphysicians who preceded him. The principle of utility, or as he afterward called it, the greatest-happiness principle, stands no otherwise demonstrated in his writings than by an enumeration of the phrases of a different description which have been commonly employed to denote the rule of life, and the rejection of them all, as having no intelligible meaning, further than as they may involve a tacit reference to considerations of utility. Such are the phrases law of nature, right reason, natural rights, moral...
