The book addresses some of the deeper spiritual inquiries and natural curiosities that children hold in their hearts, while being presented in a way that is lighthearted, rhythmic, playful, and open ended. This book teaches children reverence for Mother Earth and all of her creatures; educates children about light, color, and energy; focuses kid s attention on a more cosmic perspective of our existence; explores the nature of consciousness; and broadly poses the question is life just a dream? The central message is one of awakened dreaming. This is a perfect bedtime book for parents to read to their little ones.
