

Model-Based Process Control: Proceedings of the IFAC Workshop, Atlanta, Georgia, USA, 13-14 June, 1988 (Hardback)

By Thomas J. McAvoy, Y. Arkun

ELSEVIER SCIENCE TECHNOLOGY, Netherlands, 1989.
Hardback. Book Condition: New. 311 x 222 mm. Language:
English . Brand New Book. Presented at this workshop were
mathematical models upon which process control is based and
the practical applications of this method of control within
industry; case studies include examples from the paper and
pulp industry, materials industry and the chemical industry,
among others. From these presentations emerged a need for
further research and development into process control.
Containing 19 papers, these proceedings will be a valuable
reference work for all those involved in the designing of
continuous production processes for industry and for the end
user involved in the practical application of process control
within their manufacturing process.
