AUTHORHOUSE, United States, 2013. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book offers the small investor unique assistance that is not found in other publications offering investment advice. The small investor is, in effect, competing with professional money managers, who are often on the opposite side of a trade. If a stock is becoming cheaper because institutions (the mutual funds, hedge funds, etc.) are net sellers, should you, the individual, buy? The professionals have access to corporate managements, employ or have access to paid staffs of analysts, are trained to read a company s financial statements, and actively participate in company conference calls. In short, this is still an uneven playing field, even though SEC Regulation FD (for fair disclosure) has mandated the dissemination of material information in a more equitable fashion. This book is comprised of three sections. Part One describes the major institutional investor groups and the deep resources at their disposal. Part Two illustrates the tools available to small investors that can create a more level playing field. Access to company-sponsored conference calls and web casts are examples that are open to individual, as well as professional investors, but many either are unaware of these tools or fail to avail themselves of these opportunities. The main section of the book is an outline of 24 key industry groups that comprise the SP 500; the salient metrics and terms; the valuation methods that investors use; most common questions asked on conference calls; and what motivates pros to buy or sell the stocks. Why are some technology stocks often valued as a multiple of sales when most industries are measured by their price/earnings (P/E) multiple? What is the appropriate price/cash flow multiple for industries that are measured...
