Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Rudolf Steiner Press. Paperback. Book Condition: new. BRAND NEW, Anthroposophy A-Z: A Glossary of Terms Relating to Rudolf Steiner's Spiritual Philosophy, Henk van Oort, Rudolf Steiner's spiritual philosophy is the inspiration for many successful initiatives in the world today, from the international Steiner Waldorf school movement to biodynamic agriculture and its increasingly popular produce. Steiner developed his philosophy in dozens of books and many thousands of lectures. His teaching contains dozens of new concepts and ideas, and as a result he had often to create his own vocabulary. In this practical volume - a companion to his Anthroposophy, A Concise Introduction - Henk van Oort gives concise definitions of many terms and concepts in Steiner's worldview, from the most commonplace to the more obscure. Anthroposophy A-Z can be used as a reference guide, but also as a gateway into Rudolf Steiner's manifold world of spiritual ideas and concepts. Anthroposophy can be seen to be a new language - a language that can lead to the world of the spirit. It was with this awareness that Henk van Oort took the initiative to write this glossary. Ultimately, he has written the sort of inspiring handbook that he wished had existed when he first became acquainted with anthroposophy over 40 years ago.
