Jones, our Cityboy hero, wants out. He's looking to cash-in
before the soul-stripping toil of coining it in London's financial
heartland turns into a life sentence. All it will take is a
handsome seven figure wedge in the bank and it's the good life
for him and goodbye to the horrors of the Square Mile. Like the
expert chancer he is, he sees an opportunity. Hacking into his
boss's computer, he finds something that chills him to the
bone. This is big time; there are bad men involved; there are
millions at stake. So no change there then. But when he
stumbles upon a murder and becomes the prime suspect, he
has to go on the run. Together with his partner Gemma, he
improvises ingenious ways of outwitting the authorities, a
vicious drug cartel and even M15 in a chase that will send him
half way round the world if he's going to stay alive. 384 pp.
