Gotham, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "If you appreciate a no-nonsense approach, you'll get some food for thought and a few laughs along the way." -Associated Press, Finance Bookshelf "Larry challenges us as parents to complete the job and embrace the journey of responsible parenting. This book is a great reminder and road map, full of good tough love for parents!" -MC Hammer "In the Hispanic/Latino family there is always a lot of love and appreciation however, not a lot of training or education especially about money. I have been a radio and television host for 23 years and did not know how to manage my finances in until I was 30. I wish I knew in my teen years what Larry's book teaches. The topics Larry covers you will never learn in school. Quite frankly, its not their responsibility. It is yours as a parent. In Larry's typical "off the hook" style and humorous forthright approach he provides the tools and tips for every parent to train up a successful generation of great and productive citizens. I recommend this book wholeheartedly." -Marco Antonio Regil, International TV Host/ Family Feud, Price Is Right and Smarter Than A Fifth Grader "If the kids and youth of this nation are our future leaders, we are all in trouble. Have you asked yourself lately where our country will be in ten or twenty years? If you want a better world, it starts with your kids - but your kids start with your parenting! Larry is no stranger to confrontation, and in his book, Your Kids Are Your Own Fault, he sets the stage for your success as a parent, and your child's success as a productive member of our society - that is if you...
