INDOMITABLE WILL: FORGING YOUR SUCCESS

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. I ll do it tomorrow. No you won t. Even if you do, you ll just quit in 2 weeks. You know how I know this? Because that was me. 7 years ago I hated my life. I wanted to get in shape. I wanted to start a business. I started strong but in the end I would wither. So much potential wasted. My name is Dan Oak and I want to show you how to develop something only a few seem to have: an Indomitable Will. The power to look at something and conquer it. To be able to forge dreams with nothing but an idea and some discipline. So stop listening to motivational speakers. Stop wasting your time. Get serious. What you need is a framework to harness your will. Something that will measure your progress and reward success. A check to make sure you aren t spinning your wheels. That s where this book comes in. Learning and improving consistently over time takes a system that leverages your body s natural psychology with technology to get results. Over the years I have refined this system down to six steps that anyone can learn and execute. Not only do I show you how to conquer procrastination and motivate yourself, I tell you the common mistakes everyone makes when it comes to willpower and the exact method you need to push through any rut. So stop making excuses. Stop day dreaming. You are looking at the book that will unlock your potential. Why? Because an Indomitable Will is what turns fantasy into your reality.
