OVERCOMING MILD TRAUMATIC BRAIN INJURY AND POST-CONCUSSION SYMPTOMS: A SELF-HELP GUIDE USING EVIDENCE-BASED TECHNIQUES

Little, Brown Book Group. Paperback. Book Condition: new. BRAND NEW, Overcoming Mild Traumatic Brain Injury and Post-Concussion Symptoms: A Self-Help Guide Using Evidence-Based Techniques, Nigel King, Up to 10% of people will suffer a mild head injury (or 'mild traumatic brain injury') in their lifetime and up to 50% of those people will also find they have lingering post-concussion symptoms in the months or years afterwards. These symptoms can include headaches, dizziness, fatigue, irritability, sleep disturbance, reduced day-to-day memory, poor concentration, taking longer to think, 'muzzy' headedness, depression, anxiety, tinnitus, blurred or double vision, sensitivity to light or noise, frustration, nausea, restlessness and sensitivity to alcohol. In such circumstances the 'mild' head injury may feel anything but mild. This is particularly so if large areas of your day to day life are affected. People in these circumstances can have their difficulties compounded by the very different explanations for their persisting difficulties. These usually involve receiving contradictory opinions about the extent to which ongoing symptoms are caused by neurological brain injury or other factors. These complicating factors can make it very difficult to find the right kind of service or expertise after a TBI. Patients can easily feel like they are being "pushed from pillar to post" when trying to find services that can help with their problems. On top of all of this, there is a distinct lack of good, science- based information for patients about the best ways to manage PCS. It is therefore very common for those who experience prolonged difficulties to find their situation extremely confusing, frustrating and stressful. Dr Nigel King is an expert with much experience in this area, and has written a very valuable book weaving together the most useful knowledge in this area. It clarifies some of the complex issues for those who...
